GAINESVILLE, FLORIDA, WEDNESDAY, JULY 8, 1908

TEN CENTS A WEEK

## All Eyes on Denver

Coming Meeting of the National Democratic Convention.

## State Caucuses Being Held

Great Interest Centered in the New York Delegation, with Its Big Bunch of Seventy-Eight Votes—Delegates Caught in Storm.

Denver, Colo., July 7.—Expectation of definite action in place of conjecture concerning some at least of the pending questions, marked the opening of the day among the delegates to the democratic national convention whose first session will be held here beginning at noon Tuesday in the great auditorium erected for the purpose. The program for the day included caucuses of many of the state

DENVER AUDITORIUM.

delegations, some of them likely to have weighty significance, even as affecting the presidential nomination itself; and the beginning of work by the national committee on the several contests which, while not likely to affect final results, might involve expenditure of time sufficient to delay the work of the convention.

### New York Delegation.

Principal attention attached for a moment to the caucus of the New York state delegation, appointed for the noon hour; for the attitude of that delegation and the delivery of its big bunch of 78 votes, cast as one under the operation of the unit rule, will, beyond question, have a moral effect, to say nothing of balance of power, which has been potent and sometimes decisive in national conventions memorable in political history. Such expressions as have come from the delegates from New York have in a general way encouraged the belief that that state would cast her bold vote for the nomination of Bryan, but there is in the delegation a group of veteran fighters, formidable in experience even if not large in number, unalterably opposed to the nomination of Bryan, who fully realize the strategic importance of today's caucus, even though its attitude on the main question might be indicated only indirectly in the selection of representatives upon the convention committees and upon the national committee who are certain to continue fighting until fighting appears unfruitful, even of forlorn hope.

From a conference of the anti-Bryan "allies" emanated Sunday, over the signature of Colonel James M. Guffey, national committeeman from the state of Pennsylvania, a statement in rejoinder to Mr. Bryan's recent strictures upon Colonel Guffey and characterized by a considerable degree of asperity. This utterance contributed spice to what might otherwise have been a rather uneventful day.

### Opposed to Mayor Johnson.

Another interesting development was the definite decision by the Ohio delegation to oppose the nomination of Mayor Tom L. Johnson, of Cleveland, national committeeman from that state. The Ohioans arriving late in the day over the Santa Fe Route, held their caucus on the train, thirty-three of the total forty-six delegates attending. Johnson got only six votes, the other twenty-seven being cast for Harvey Garber, of Columbus, former chairman of the democratic state executive committee. Mayor Johnson himself arriving with

the delegation and driving alone in an open carriage to his hotel, said that he had no interest in the talk of his being chairman of the new national committee.

"That work is out of my line entirely," said he, "and moreover, my work at Cleveland is as yet unfinished."

The national committee at a meeting called for 10 a. m. was expected to appoint a sub-committee to consider each of the contests before the convention; the understanding being that these sub-committees would meet immediately and simultaneously with the intention of reporting on the contests to a meeting of the full committee.

### Four-Day Convention.

The general expectation now is of a four-day convention, with final adjournment some time on Friday, but potentialities of trouble as yet undeveloped lie in several subjects still unsettled, and a positive forecast is impossible. Even if it be assumed, as many do assume, that Mr. Bryan's nomination is practically a certainty, there is still the open question of the platform and the controversy over the injunction plank; the possible consumption of time by the contests before the credentials committee, and possibly on the convention floor, and the selection of a candidate for the vice presidency.

The vice presidential problem took a somewhat different turn when an intimation was received through what have hitherto proved reliable channels, to the effect that Mr. Bryan believed in both the logic and the strategy of the situation to suggest the propriety of deferring definite activities as to the second place on the ticket until the first was disposed of. This led to a perceptible falling off of the gossip on the subject and the whole matter is for the moment sidetracked.

### The Platform.

Monday morning found general interest in the platform still confined almost wholly to the proposed plank regarding the use of court injunctions, especially in labor controversies. The labor representatives on the ground, Gompers and Mitchell, and others are urgently pressing their claims upon those who will presumably have important influence in the committee on resolutions.

The weather, which Sunday was decidedly hot, changed during the night after a series of crashing thunderstorms and became raw and rather cold. During one of the storms of last evening, many delegates installed electric cars in various parts of the city, waiting for the power to be turned on, while vivid lightning played across the sky and crashing volleys of thunder echoed from the mountains.

### The Florida Delegation.

The Florida delegation of ten men claims the distinction of possessing among its membership three of the youngest men who will sit in the convention. They are F. Y. Smith, of the second district, who is only twenty-two years of age; J. T. D. Crawford, of the third district, who is only twenty-three, and Max M. Brown, a delegate-at-large, who is but twenty-five.

### Died of Cholera.

Manila, July 7.—Lieutenant Jones, of the First cavalry, who on June 24 was reported to have been stricken with cholera is dead. Lieutenant Muldoon, of the Philippine scouts, who contracted the disease while bringing Lieutenant Jones into camp, is recovering. The cholera is receding at Capiz, and even in the province of Pangasinan.

### Forty Tons of Honey.

Pensacola, Fla., July 7.—The largest single shipment of honey ever sent from Florida passed through the city of Pensacola Saturday from Appalachia to New York. It amounted to 79,000 pounds of strained honey, almost forty tons. The honey goes to Mobile by water and will then be transferred to another steamship line.

### Gun's Discharge Kills Boy.

DeLand, Fla., July 7.—Homer, the seventeen-year-old son of Alfred Davis, accidentally killed himself Saturday night in removing his gun from a bush against which he had leaned it.

## 4 KILLED, 6 INJURED

### Fatal Collision Between a Farm Wagon and Electric Car.

### OCCURRED AT LOS ANGELES

Driver of Wagon Attempted to Cross Track in Front of Approaching Car, When Vehicle Was Struck with Fatal Results.

Los Angeles, Cal., July 7.—Four children and the father of two of them are dead, and six persons are injured as the result of a collision between a farm wagon containing eight children, two men and one woman, and an electric car on the Santa Ana line, near Watts, about ten miles from this city Sunday night. The dead.

Joseph Oller, 46 years of age.  
Joseph Oller, Jr., 14 years of age.  
H. Oller, 8 years of age, all of Lynwood, near Watts.

Eliza Kuehner, 9 years of age.  
Theodore Kuehner, 7 years of age, both of Los Angeles.

### The Injured:

Peter Kuehner, 45 years of age, left leg fractured; Annie, aged 12; Marie age 10 and Bertha Oller, aged 8, bruised; Alexander Kuehner, 11 years old, left leg broken, and Mrs. Antonia Kuehner, slightly bruised.

The Kuehner family had been spending the day with the Ollers, and the latter family had accompanied the Kuehnern to the Santa Ana line, where they were to take the car to this city.

When nearing the tracks Joseph Oller, who was driving, saw the car coming and tried to cross in front of it. The car hit the wagon squarely and some of the occupants fell under the car while others were tossed clear of the wreckage. Mrs. Kuehner saw the car and jumped, escaping with slight injuries.

### 400 BUILDINGS BURNED.

Port-au-Prince Is Swept by a Great Conflagration.

Port-au-Prince, Hayti, July 7.—A serious fire broke out here Sunday afternoon in the vicinity of the palace and senate building. The flames spread quickly, there being a high wind, and soon reached alarming proportions.

Pour hundred buildings were burned, including the courthouse and the prison. All of the prisoners, who included a number of women, were taken to other quarters before the building took fire. Sparks were carried to the arsenal, which was also burned, together with stores of powder and munitions.

The destruction of the arsenal was accompanied by many explosions. The firemen were aided by a large section of the populace in the fight, and a force from the French cruiser Chasseleur-Lambert.

For a time panic prevailed, but, later, as the intensity of the fire diminished, the people became more calm, though heavy explosions in the arsenal continued several hours after the fire started.

The station of the cable company, which is located near the arsenal, was surrounded by flames, and it is probable that communication by that means will soon be interrupted.

### Want a New County.

Atlanta, July 7.—A strong movement has been set on foot by the citizens of Metter and the surrounding territory to have a new county created to be known as Georgia county. According to the plans of the promoters the county will be made from parts of Tattnall, Bullock and Emanuel. It will be bounded by these three counties and by the newly-created counties of Towns and Jenkins.

### Six Dead, Thirty Injured.

Oakland, Cal., July 7.—The narrow gauge local road from the Alameda Mine to Oakland struck Santa Cruz train No. 52 at First and Webster streets Saturday evening. The smoke of the Santa Cruz train was completely demolished and all the occupants were either killed or injured. So far, six dead and thirty injured are known to have been taken from the wreck.

### WHIST LEAGUE MEETS

Eighteenth Annual Congress Held at New York City.

New York, July 7.—Whist players from all over the country have arrived in town to take part in the eighteenth annual congress of the American Whist League, which began Monday morning and will last a full week.

The whist players are full of serious purpose, and the program does not contemplate much sight-seeing for even the out-of-town members of the league. It calls for whist playing morning, afternoon and night. The league is made up of over 100 clubs, and the membership runs into the thousands. It is expected that at least 500 will sit down to play. A long list of prizes has been provided for the winners during the week. A simple high score pin of the league is much sought after by whist players who will travel hundreds of miles to capture it. The reward for skillful playing most sought after is the Hamilton Club trophy, a silver cup put up by the Grand Rapids, Mich., club.

Though the winning of all the league prizes will be confined to the members, provision has been made for playing by non-members, who desire to meet worthy opponents in whist warfare.

The officers of the league are David Muhlfield, of Albany, president; E. Cooper, of Shelbyville, Tenn., vice-president; E. G. Comstock and B. A. Montgomery, of Milwaukee, treasurer and secretary.

### LET THEM NAME ROOSEVELT.

That Is Suggestion of Ex-Governor Thomas, of Colorado.

Denver, Colo., July 7.—Former Governor Charles S. Thomas, of Colorado, who will represent that state on the committee on resolutions in the coming campaign declared with seriousness that he was for Roosevelt for vice president.

"He is by long odds the strongest man we could name," he said, "and I believe that if his name should be presented he would prove a winner, and that if nominated he would accept; I do not see how he could refuse."

"Aren't you afraid that if you get to discussing Roosevelt too strongly for any position the convention will be stampeded for him for first place?" a republican by-stander asked.

"I shouldn't be surprised," replied Governor Thomas. "A worse thing might come upon us: he is the strongest man that could be nominated, and if the people should get together and nominate him on an independent ticket I am sure he would beat both the other nominees."

### YOUNG FARMER WAS KILLED.

Claude Mooney Was Shot to Death by Luman Roberson.

Montgomery, Ala., July 7.—News reached here of a tragedy at Wells Mill, 23 miles from Evergreen Saturday afternoon.

Claude Mooney, a well known young farmer was shot to death by Luman Roberson, a young man about the same age.

Several young men were bathing in the creek when Mooney came along accompanied by Mrs. Mooney. The latter asked the men to conceal themselves. This angered Roberson, who drew a revolver and shot Mooney dead.

Roberson has been arrested.

### Killed by Crooked Wire.

South Bend, Ind., July 7.—One dead, two seriously injured and a fourth man shocked, making a total of ten electrical workers who have fallen victims to the wires, within the last six days, in the summary of an accident caused by crooked wires on the South Bend Southern Michigan railway. All the dead are from South Bend.

### Deadly Duel with Pistols.

St. Petersburg, July 7.—Count Stanislaus Mihailoff, the eldest son of Prince Yusoff, an officer of the horse guards, in a duel with pistols. The men met on Krestovsky Island, in the Neva, as the result of a challenge issued by Count Mihailoff because of a family quarrel.

## FATALITIES OF THE 4TH

As Usual Independence Day Claimed Many Victims.

### 3 WERE KILLED IN NEW YORK

Metropolis in Celebrating the Glorious Fourth Rolls Up a Long List of Fatalities and Accidents—A Noisy Celebration.

New York, July 7.—That patriotism has kept pace with the rapid growth of the country during the 133 years that have elapsed since the signing of the Declaration of Independence was evidenced Saturday by the noisiest demonstration in history. Blistered fingers and burned clothing characterized the majority of 800,000 or so small boys who participated in the celebration here, but, oh, what a time they had.

The blistered fingers were proudly displayed and the boys who were spanked for their clothing did not appear to feel as repentant as they should.

Fortunately the death list was not as large as some previous years. Six deaths were reported and there were 200 persons injured by 8 p. m. The hospitals and board of health stations were filled with patients all day. A number of the injured were so seriously hurt that they may die.

Police restrictions regarding the use of cannon crackers and firearms were not heeded by most of the celebrators and as a result there were many arrests. The police courts had long lines of prisoners and not a few of the lawbreakers were meted out severe punishment. The necessity of barring the use of firearms was apparent early in the day. A youth who took advantage of the liberty of the day to practice shooting at a paper target, shot and killed his sister, while another killed himself in clearing a revolver.

Two men at target practice on a roof shot and killed a boy.

One of the ironies of the day was the serious injury of a fireworks salesman who was hurt shooting off some of his superfluous stock. Another of the victims of the Fourth jumped to death from a high bridge. He was driven frantic by noise. The man's body landed in the speedway far below.

There was no cessation of firing from early Saturday afternoon. The police made unusual efforts to enforce the law and the fire department kept an extra large number of firefighters on hand. The firemen were on the go all day, small fires being reported in all parts of the city.

One of the first celebrations of the day took place in Central Park when the Stars and Stripes were raised over the historical old blockhouse at the northwest section of the park where Washington made his stand when he was retreating up Manhattan island. Patriotic exercises were held and several societies participated.

### OPPOSED TO LILY WHITES.

Negroes in Texas Are Preparing to Make Protest.

Waco, Tex., July 7.—Prominent negroes of this section are said to be preparing to take a decided action showing their disapproval of what is known as the "lily white" wing of the republican party in Texas, comprising white republicans and such negroes as work harmoniously with them.

The opponents of the "lily whites" say they will go to Denver prepared to agree to vote for the democratic nominees for national officers, provided they are treated right. They say further that the democrats of the south are the negro's best friends and do more for their race at all times than anyone else. They are agitating the matter in the public prints and otherwise.

Alabama Woman Suicides.

Montgomery, Ala., July 7.—A special from Tuskegee says that Mrs. W. P. Johns, who lives at Phenix, near there, shot herself to death Sunday. She had long been in bad health. She left a family of small children.

## HOW TO EXTERMINATE MOSQUITOES

What a Discarded Can Can Do Towards Breeding the Mosquito.

### A MOST APPALLING DISCOVERY

The Health Department of Richmond Makes Important Statement, Which Is Endorsed by National Authorities—Kerosene Prevents Breeding.

"Besides being an intolerable nuisance, mosquitoes are the only means by which malarial fever is carried."

"No standing water, no mosquitoes."

"No mosquitoes, no malaria."

The above quotations are taken from a pamphlet on "The Extermination of Mosquitoes," issued by the health department of Richmond and fully indorsed by Health Officer W. C. Woodward of the District of Columbia.

Dr. Woodward declares that while not as prevalent as formerly, the cases of malaria may be reduced still more by following the suggestions made by the Richmond Board of Health. The filling in of the Potomac flats, he said, has reduced malaria to a large extent, but a great reduction can be made by the observation of certain regulations. The local department, he added, has not the means to conduct a campaign against the mosquito, but results can be obtained by the co-operation of the citizens in fighting the pests.

#### Breed in Quiet Water.

The following is taken from the bulletin issued by the Richmond authorities:

"Any collection of standing water—from an old tin can or bucket to a ditch or pond—is a good breeding place for mosquitoes. Do not permit such a breeding place to exist on your premises and do not tolerate any on the premises of your neighbors."

"If kerosene oil is poured over the water containing mosquito larvae or pupae, it forms a thin film over the surface and the young mosquitoes cannot stick their breathing tubes through to get the air. One quart of kerosene oil is sufficient to form a film over a pool twenty feet in diameter."

"Regular applications of kerosene oil once a week during the summer and fall will, therefore, be certain to prevent any breeding of mosquitoes in the pool so treated."

#### What a Can Can Do.

"But pools and ditches are by no means the only breeding places for mosquitoes. A single old bucket or tomato can, left with water standing in it, or so left that it can become filled with rainwater, is capable of furnishing a sufficient number of mosquitoes to make the surrounding block miserable."

"A very little effort on the part of

## Plumbing

We are at all times at the service of our friends and customers.

We have on display a large stock of Bath-Room Fixtures. We will extend every courtesy and aid in proper selections.

We invite you to visit our store to select your Plumbing equipment with the assurance that you will receive proper attention and your interests will be protected.

## PAINTS

Davis

### 100 Per Cent Pure

Is the purest paint made. If you are contemplating painting your house you want the very best—there is a best in everything. In paints it is DAVIS 100 Per Cent Pure. Covers more surface and lasts longer. Contains the purest linseed oil, white lead and selected zinc. Always insist on getting Davis' and you will get the best and a guarantee of satisfaction.

### BAIRD HARDWARE CO.

Paints, Oil, Glass

everyone will rid the city of mosquitoes, making malaria a rare disease and enable you to sit out of doors at night and sleep with comfort. If you regard this as worth while, do your part.

"Any person with malaria who neglects treatment is not only losing valuable time, during which his vitality is steadily undermined, but he is also a menace to others."

#### LEGAL SALES DAY.

#### City Tax Sales and Two Pieces of Property Disposed Of.

Outside of City Tax Collector Benton Ellis' sale of property for non-payment of taxes, there was not much doing in the way of legal sales last Monday. About one-third of the property advertised for the taxes due the city was bought by individuals, in most cases being purchased by parties who owned the same.

There were two sales by Special Master Christopher Matheson as follows:

In the case of the Baird Hardware Co. vs. T. R. Hunt, involving two and a half acres in Section 32, Township 9, Range 20, the property was bid in by the plaintiff for the sum of \$125. Probably the most interesting sale of the day was the case of the City of Gainesville vs. Mrs. Mary E. Cox, nee Mrs. D. E. Cooper, involving one acre in the southeast corner of lot 16, formerly lot 27, Brown's addition to Gainesville. This judgment was secured by default for the construction of sidewalks, and the property was bought by T. W. Shands for \$645.

#### Burkham's Semi-Annual Sale.

See Burkham's half-page advertisement in today's issue of The Sun. He is offering his entire stock of clothing at 30 per cent discount.

This is your opportunity to get a good suit of clothes, a hat or a pair of shoes at about one-third of their real worth.

The sale will continue for fifteen days, but of course those who come first will receive the best bargains, for they will have a large stock to select from. Mr. Burkham says, "Come and inspect my stock and be convinced that I will sell as I advertise."

#### G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

#### A CHAMPION SWIMMER.

Amos Huichard of St. Petersburg  
Swam for an Hour.

The Tampa Times relates the following interesting fact which occurred last Friday:

"A test of endurance way above the ordinary fell to the lot of Amos Huichard, a deck hand on the big power boat 'Vandalia,' on the latter's run to St. Petersburg Friday. He fell overboard and swam for over an hour before he was missed, and the 'Vandalia' put back on her course in search of him. He was not the least bit discomposed by his long swim, and was working at his post next day."

"Huichard belongs to St. Petersburg, and is about 18 years of age."

"When the 'Vandalia' was off Gadson's point, or practically well around it, the cook went to summons Huichard to dinner. He was not to be found. A hasty search of the boat was ordered by Captain Will McPherson, and as soon as this disclosed the fact that the young man must be overboard the vessel was put back, and took the back track on her course."

"I knew that he was an excellent swimmer," declared Captain McPherson. "Hence my action in immediately putting back. I was afraid, however, that he might have been struck by the wheel, in which case it would have been all over. We picked him up near light 13, after he had been swimming for nearly an hour."

"Huichard was making his way for the shore as best he could. His long stay in the water did not even materially weaken him, and he went to work shortly after he was rescued."

#### Colored People, Attention.

Editor Sun: Being engaged in life insurance, representing New York Equitable, an old-line company, and the Modern Protective Association of Pennsylvania, each having reached the acme of strength and wealth, am therefore interested in all insurance propositions.

All prudent business men carry life insurance, because it is a modern necessity, and therefore it is very necessary to place your insurance with a responsible company or society.

The name above of the New York Equitable is sufficient (assets five hundred million dollars.) The M. P. A. has cash assets over a half-million dollars, and is the only white society that admits colored people on the same basis and on the same equality. It admits other races and nationalities.

It has come to my notice that a certain fellow grafter is going all over this State organizing colored lodges under the pretense that they are a branch of the Woodmen of the World. The Woodmen of the World is rich, but does not admit colored people. I will give a present of \$25 if there is any other rich white society operating in Florida with the exception of Modern Protective which will admit colored members without discrimination. Yours truly,

J. W. MARSHALL.

#### Be On Time.

J. A. Goodwin, the accommodating ticket agent of the Atlantic Coast Line, requests The Sun to say to the traveling public, that if they would get to the depot a little earlier there would be no necessity for them traveling without tickets, and hence be compelled to pay the extra fifteen cents on account of not having tickets.

It is impossible for him to issue a ticket to each and every one at the same time. He believes in a "square deal," and the best he can do is to adhere to the rule of "first come first served," hence it is not his fault if you get to the depot too late to purchase a ticket before the train departs.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by all druggists.

Labor contracts for sale at this office: \$30 per dozen, or \$3 per hundred.

## Remarkable Story

The story of Mrs. Matilda Warwick, of Kokomo, Ind., as told below, proves the curative properties of that well-known female remedy, Wine of Cardui. Mrs. Warwick says:

## TAKE CARDUI!

It Will Help You

"I suffered from pains in my head, shoulders, limbs, side stomach low down, dizziness, chills, nervousness, fainting spells and other female troubles. I was almost dead. Three doctors did not help me. At last, I took Cardui, and with the first bottle obtained relief. Now I am cured. But for Cardui, I would have been dead." Try Cardui.

**D BALL TEAM  
ALMOST ASSURED**

cial Young Business Men Quietly Working Up Interest.

**RULE TO BE ARRANGED**

Fans of Gainesville May Once More Have a Chance to Witness Good Ball Games Like When "Oak Halls" Were At Their Best.

There is a movement on foot in this which if successful, and there is reason to believe that same will give the people here a chance to see some baseball that will in quality the game put up by famous "Oak Halls" of years ago. Several influential young business men of the town are quietly at work on the matter, and it is predicted that in course of a few days something tangible will be heard from them.

It is understood that Howard Davis, who played with the Gainesville team a couple of years ago, is coming back to Gainesville, and Ollie Cobb, a former student of the old Florida Seminary, will be back with us, both of whom are well and highly known by local fandom. It also expected that another pitcher will be secured.

With the addition of such local players as Sandy Graham, Earl Taylor, "Dobey" Clark, Harry Denton, Ed Kirk, Gilbert Kennard, Larkin Carter, Leo Cannon, Byas and Davis Douglass, and many others, should form nucleus of an exceedingly fast team.

A strong schedule will be arranged, which will take in some of the best teams in the State.

If such a team is organized there will be no doubt about the fans of Gainesville supporting them well in a financial way.

**Stimulation Without Irritation.**

That is the watchword. That is what Orino Laxative Fruit Syrup does. Cleanses and stimulates the bowels without irritation in any form. W. McCollum & Co.

**\$13.50      \$13.50**

Mr. W. T. Goodwin, representing Cheatham-Alderman Company, with headquarters at Room 26, Brown House, will be pleased to show samples and get your order for a Made-to-Order Suit for **\$13.50**.

**\$13.50      \$13.50**

**BALL GAME THURSDAY.****Benefit Young Men's Christian Association—An Interesting Game.**

The Independence and Y. M. C. A. teams will again compete on the local diamond Thursday afternoon at 3:30 o'clock. Tickets are now on sale and should you be requested to buy one, do so and thereby aid the boys of the Y. M. C. A. in getting on their feet.

Some of the boys jokingly say that last Thursday's game was a "skin" game, one team being picked with regard to "extra skin" and the other "need of skin." But if you wish to see a real game of ball and support a worthy cause, turn out tomorrow.

**Quick Relief for Asthma Sufferers.**

Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. J. W. McCollum & Co.

**New Schedule Effective July 9th.**

The Tampa and Jacksonville railway will inaugurate a new schedule over their line, effective July 9th. Trains will leave Gainesville for Sampson City at 5:50 a. m. and 5:30 p. m., and will connect with all trains on the Georgia Southern and Florida. Returning will arrive in Gainesville 9:50 a. m. and 9:30 p. m.

Trains will leave Gainesville for local points south, Rocky Point, Micanopy and Fairfield, at 10:10 a. m. Returning arrive at Gainesville 4:25 p. m.

**A Millionaire's Baby**

Attended by the highest priced baby specialist could not be cured of stomach or bowel trouble any quicker or surer than your baby if you give it McGee's Baby Elixir. Cures diarrhoea, dysentery and all derangements of the stomach or bowels. Price 25 cents and 50 cents. Sold by W. M. Johnson.

**NEWS OF CITY AND COUNTY CONDENSED**

Miss Myrtle Lewis of Bartow, who has been the guest of Miss Lyde Bowers for the past week, returned to her home yesterday. While here she made many friends who hope that she will favor them with another visit before long.

L. C. McCleeny, the genial clerk at the White House, is holding down the responsible position as manager during the absence of the proprietor, and it is needless to add that the welfare of the traveling public will be well taken care of.

A. M. Cushman has been appointed clerk of the United States Federal Court, Northern District. This is indeed quite an honor to Mr. Cushman, who is in every way fully capable of filling the position with credit to himself and the court.

Among the strong teachers secured by County Superintendent Kelley is W. N. Gaskins of Dade City. Mr. Gaskins is a live, energetic young man, a good scholar and a successful teacher. Mr. Gaskins will be principal of the Stroble school.

Your attention is directed to the change of advertisement of the Gainesville Furniture Company, which appears elsewhere in this issue. The Gainesville Furniture Company is among the largest furniture establishments in the State and is always in a position to give the best values. They have on hand at the present a large assortment of porch chairs to which they invite your inspection.

W. T. Goodwin, representing the Cheatham-Alderman Co. of Jacksonville in their famous \$13.50 made-to-order suit sale, is in the city with headquarters at Room 26, Brown House. These sales of this popular firm have made them the subject of comment throughout the entire South. About five years ago they originated the \$13.50 sale of made-to-order suits. Now their business has grown to enormous proportions. Mr. Goodwin is thoroughly competent to take measures, and it will pay anyone to take advantage of this wonderful opportunity of getting a strictly made-to-order suit for \$13.50, which sold during the season at prices ranging from \$18 to \$40.

**Life on the Lawn**

When the days are hot and sultry, can be made thoroughly enjoyable by taking your ease in a nice Hammock or Lawn Swing. We have a very extensive line of the best Hammocks in many styles at very low prices. Our Lawn Swing is the finest made—will last many seasons, as it can be folded and stored away.

We have just received a nice line of

**PORCH ROCKERS  
at Low Prices.**

Now is the time to buy your Refrigerator. We have the best at the lowest prices.

**Gainesville Furniture Co.****Meeting of Hospital Association.**

All members and those who are interested in the work are respectfully requested to be present at a special called meeting of the Hospital Association this evening at 8 o'clock in the president's office. Business of importance is to be brought before the meeting and a full attendance is earnestly requested.

W. W. HAMPTON,  
President Hospital Assn.  
FERD RAYER, Secretary.

Remember The Sun office when you want anything in the printing line.

50 W. Main Street, S. TELEPHONE 43-2

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for \$5 a year; \$2.50 six months; \$1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates or display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for \$1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, Fla.

The teacher who is content to hang on with a third-grade certificate will soon find nothing to hang on to.

While Mr. Roosevelt is having a corking good time, the Persian shah would spell the time he is having with four letters.

Carrie Nation asserts that she has no interest whatever in politics. This is a little surprising in view of her persistent campaign in behalf of the beerless leader.

Mrs. Hetty Green is said to be patronizing a beauty doctor in New York. It's a waste of money. Every widow with Mrs. Green's bank roll is rated as beautiful.

The Jacksonville Clearing House Association has compiled figures showing that the bank clearings in that city for the first six months of 1908 amount to \$36,319,746.

John D. Rockefeller is writing the story of his life for an eastern magazine. It is hoped that he will fix a date for the payment of that \$29,240,000 fine by his oil company.

Whatever good can be said for Mr. Taft, and doubtless he has many estimable qualities should be his due, yet the fact remains that his nomination was brought about by the most flagrant use of official power for partisan ends.

Mrs. Taft appears to think her opinion is called for on present political affairs. Brother Bill should advise her to copy after those estimable ladies, Mrs. Roosevelt and Mrs. Cleveland, who under like circumstances were seen, but not heard too much.

With fine irony The Springfield Republican observes that when the bottom begins to fall out of the stock market, as it did recently, what the stock exchange ought to do is to stop the trading and have read the plank in the Republican platform concerning the recent safe passage of the American people through a financial disturbance. That would at least serve to lighten up the doom of values with a laugh.

As evidence of the rapidity with which the English sparrow multiplies a flock of not less than twenty-five of these little pests were seen in one place on the pavement on 13th street this morning. Less than four months ago not more than half a dozen of these birds could be found in the city. At the present rate of increase it will be only a short time before the town and county will be overrun by them.—Miami Metropolis.

Fire Alarm Foraker is still sounding signals of distress to the Republican brethren, and declares that Taft will have a hard time in being elected. But after a while, when the Taft people in Ohio have agreed that Foraker shall be re-elected United States Senator, we may expect to hear frantic appeals by Foraker to the negroes and the wage earners to "rally round the flag, boys," and once more get together for the G. O. P. and incidentally for Foraker.

BEWARE OF MICROBES.

Please don't blame the Governor for going to Denver.

He couldn't help it.

He has been bitten by the migratory microbe and he has wanderlust.

This is not a new disease. It's the name only that is new. The children of Israel had it in epidemic form for forty years. Open the book of Jobe and you'll find that Satan had it, for we have his own confession that he came: "from going to and fro in the earth, and from walking up and down in it." The Wandering Jew had a severe case of this same wanderlust.

So did the Flying Dutchman, Gulliver, Sinbad the Sailor, Don Quixote, Baron Munchausen, Henry M. Stanley, Rhoderic Random, the Russian army and Charles Francis Train.

To locate this traveling disease in more modern times all we have to do is to think of—William Jennings Bryan, Elbert Hubbard, Pat Murphy, Bill Taft, Raisuli, and the Convict Inspectors. They have all got—wanderlust.

So, I say, don't blame Broward, for he's got it bad.

I did think when he came in from his last campaign among the "great-hearted" that he would stay awhile. When three days passed, and the fourth found him in whooping distance of old Leon's red clay hills, I began to hope that the crisis of the disease had passed. When the tolling of Tallahassee's church bells on two successive Sundays disturbed the executive slumber, I began to figure on convalescence.

But, no; it was not to be. The dread disease had too firm a grip; its strangle-hold could not be shaken off. That iron constitution which withstood the storms of the Spanish main had at last succumbed.

He had a relapse which—

Carried him to Denver—

And—

Once more they've nailed the old familiar sign on the executive door. It is dim and faded now. Its once bright surface shows the marks of much handling and long and frequent service. But a close inspection will even yet discover its legend to be—

N. D.

Which being translated means—nothing doing.—Tallahassee Sun.

GOVERNORS OF FLORIDA.

Right now we are preparing to select another Governor for our "fair land of flowers," says The Quincy Times, and the following list of those who have been the chief executives of our State since the adoption of the Constitution, might be of interest to those who are not familiar with the same. The list is in rotation as follows:

Year.	Name.
1845.	William D. Moseley.
1849.	Thomas Brown.
1853.	Joseph E. Broome.
1857.	Madison S. Perry.
1861.	John Milton.
1865.	William Marvin.
1866.	David S. Walker.
1868.	Harrison Reed.
1872.	Ossian B. Hart.
1874.	Marcellus L. Stearns.
1877.	George F. Drew.
1881.	William D. Bloxham.
1885.	Edward A. Perry.
1889.	Francis P. Fleming.
1893.	Henry L. Mitchell.
1897.	William D. Bloxham.
1901.	William S. Jennings.
1905.	Napoleon B. Broward.
1909.	Albert W. Gilchrist.

The American people have a great deal to be thankful for, especially that they are not Russians or Persians or Mexicans. For although we are harassed by Republican policies and corruption, and plundered by the trusts and corporations, still they allow us to live, and we will have a chance to vote this fall and turn the rascals out.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last fifteen years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligation made by his firm.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75¢ per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

LAGGING BUSINESS.

The boast of the Republicans that their policies have carried the country safely through the panic, and that business is rapidly reviving, does not seem to agree with the facts. For instance, the United States Cast Iron Pipe Foundry Company, known as the pipe trust, has just made its report to its stockholders which shows very disappointing results. The president of the company says in his report:

"During November, 1907, business absolutely stopped; the company did not lose its business. There was no business.

"When there was added to this natural condition the depression which was caused by the panic, the result was a stagnation such as has never been known in the history of the cast iron pipe business in this country. Not only was there a cessation of business and a sharp fall in prices in November, but there was a declining market all through the winter and early spring months."

But the report tries to encourage the stockholders, although no dividend is declared even on the preferred stock, by saying "that with the opening of spring business has improved." It need hardly be said that but very small orders would be an improvement over the entire cessation of business reported.

The other branches of the steel and iron business, although not making quite as disastrous a showing, are nearly in the same fix. Yet the Republican platform boasts that Republican policies have protected the business of the country.

A YEAR OF BIG MINTAGE.

Ninety per cent of the coinage by the United States in the fiscal year of 1908 consisted of gold eagles, a coin which probably not one in a hundred people sees as often as once a year. Altogether the coinage of the country comprises seventeen different varieties, seven of which were for the Philippine Islands in pesos and centavos, and one of which of the same denomination was for account of the Mexican government. The number of pennies turned out averaged a little less than one for each inhabitant.

The total coinage for continental United States was \$215,714,826. This has been one of the most active years in the history of national minting. Of this amount \$179,238,337 were in gold and \$16,532,477 in silver, or about the ratio of one of silver to twelve of gold. The coinage for the Philippine Islands included more than 25,000,000 pieces valued at \$18,121,825, or more than the total silver coinage for the United States.

The position of Ex-President being vacant, Mr. Roosevelt need not longer worry over the prospect of forcing somebody out of the limelight.

Twenty-Five Cents is the Price of Peace.

The terrible itching and smarting, incident to certain skin diseases, is almost instantly allayed by applying Chamberlain's Salve. Price, 25 cents. For sale by all druggists.

Sour Stomach

"I used Cascarets and feel like a new man. I have been a sufferer from dyspepsia and sour stomach for the last seven years. I have been taking medicine and various drugs but could find no relief for a short time. I will recommend Cascarets to my friends as the only thing for indigestion and sour stomach and to keep the bowels in good condition. They are very safe and effective." ## FLORIDA NEWS.

## A WOMAN'S BACK

The Aches and Pains Will Disappear if the Advice of This Gainesville Citizen is Followed.

A woman's back has many aches and pains.

Most times 'tis the kidneys' fault. Backache is really kidney ache; That's why Doan's Kidney Pills cure it.

Many Gainesville women know this. Read what one has to say about it:

Mrs. V. E. Spence, living at 201 W. Arlington street, Gainesville, Fla., says: "It would be hard to describe all the suffering I endured from a weak and aching back. At times the pains were so intense that I could not get up or down. I was also troubled with rheumatism, and different parts of my body would become stiff and lame. A friend advised me to try Doan's Kidney Pills, so I procured a box at J. S. Bodiford & Co.'s, and began their use. I am glad to say that they acted exactly as represented. The pains soon ceased, and all indications of rheumatism disappeared. I can honestly say that Doan's Kidney Pills did me more good than any medicine I had previously taken."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

of them was struck by lightning. The bolt struck the cow on the back and she fell to the ground without a kick. After the rain stopped someone went out to the dead animal and found that the flash of lightning had split the cow's backbone from end to end. The cut was made as clean as if made by a butcher's saw and must have caused death to the animal instantly. The cow was a valuable one and was quite a loss to Mr. Bradock. So far as is known this is the only life lost by the lightning in this section of the country—Miami News Record.

There is manifested a general revival of the orange-growing industry in the Indian river section of Florida, and especially in the famous Turnbull hammock, near Titusville. Large plantings of young trees are progressing and the favorable conditions of climate, as well as the demand for the fruit, has induced many old growers to restock and revive generally their old groves, and to add new trees to new lands. The mildness of the weather this past winter has proven a great stimulus to the growers, and it will not be a great while ere Florida fruit will again be on the market by the million boxes. There are just twice as many good oranges grown this season as last.—Titusville Star.

To Prevent Hydrophobia.

The following item of especial interest at the present time is taken from a recent issue of The Atlanta Journal:

"Editor Journal: A correspondent writes that, about six years ago, he saw an item in a newspaper stating that a German physician was going to die, and he wished to make known the discovery he had made in relation to the treatment of a mad dog bite. The prescription he never knew to fall and he tried it many times with men, cattle and horses. It is this:

"Simply wash the wound as soon as possible in a little warm vinegar and water and put a few drops of muriatic acid into the wound.

"This will neutralize the poison and prevent the disease which usually proves fatal.

"Now the mad dogs are raging. I trust this information may be of value. I get it from my scrap-book, respectfully, ED HOLLAND.

## GEORGIA LEGISLATURE.

## House and Senate Enjoy the Glorious Fourth.

Atlanta, July 7.—But little business was transacted by the lower house on Friday. With the passage of a few minor bills, adjournment was taken that the members might enjoy the glorious fourth at home.

## In the Senate.

The senate chamber at the capitol was deserted on Saturday. The day being a national holiday, the sions of the upper branch of the general assembly went to their several homes where they celebrated in appropriate manner the Fourth.

During the week the senate passed three important measures, the first by Senator Williford relative to making the school term in the state conform to a uniform system another by Senator Weaver, the terms of which will prevent unfair commercial discrimination and the third by Senator Wardman, which prohibits common carriers from confiscating and appropriating commodities which are not theirs. These measures are of far-reaching importance and if passed by the house, will, with the signature of the governor, become laws in the near future. The committees of the senate had a very busy week, listening to the discussion of many bills, and considering the merits of the several measures.

The members of the senate desiring to spend Sunday as well as the fourth at home, on motion of Senators Taylor and Dobs, adjourned Friday, until 12 o'clock on Monday.

## A Contented Woman

Is always found in the same house with Ballard's Snow Liniment. It keeps every member of the family free from aches and pains, it heals cuts, burns and scalds and cures rheumatism, neuralgia, lumbago and muscular soreness and stiffness. 25c, 50c and \$1 a bottle. Sold by W. M. Johnson.

## Was Dragged to Death.

Dahlonega, Ga., July 7.—The eighteen-year-old son of Sterling Bruce, of Dawson county, was thrown by a mule and dragged to death. He was returning from the field with plow and gear on the mule, which caught his leg in the chains. He was dead when rescued.

## DISCRIMINATING LADIES.

## Enjoy Using Hericide on Account of Its Distinctiveness.

The ladies who have used Newbro's Hericide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Hericide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Hericide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 30c in stamps for sample to The Hericide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00.

S. Rodiford & Co. Special Agents.

## MR. BRYAN SILENT.

Nothing to Say With Regard to the Guffey Statement.

Fairview, Lincoln, Neb., July 7.—With telephone wires out of commission and Fairview cut off from Lincoln by a washout on the trolley line, William J. Bryan had ample opportunity to peruse the strictures upon himself delivered by J. M. Guffey, national committeeman from Pennsylvania, in response to Mr. Bryan's attack upon himself in a speech on July 4th.

"I have nothing to say," was Mr. Bryan's response to an inquiry about the Guffey statement.

Sunday night's rain was torrential, accompanied by vivid flashes of lightning and the terrific roll of thunder for hours. The last trolley car from the city to Fairview was compelled

WILLIAM J. BRYAN.  
to turn back. The rain ceased at about daybreak, and a large party of repair men swarmed along the line to drain off the flood and make restorations where needed.

Mr. and Mrs. Bryan narrowly escaped being caught in the first downpour. They had driven to Rock Island depot to greet some Central Iowa democrats who were passing through, and reached Fairview just ahead of the flood. A half hour later the road leading down the hill from the Bryan home to the trolley line was a shallow river rushing down the rapids with a roar like a small Niagara. The newspaper tents were thrown down by the sheer weight of water which soaked the canvas.

## Over Thirty-Five Years.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by all druggists.

## Mills Resume Work.

Montgomery, Ala., July 7.—A Huntsville, Ala., special says that the Abingdon cotton mills, which have been idle for several months, began work Monday, giving employment to four hundred people. It is understood that other mills will be started by the middle of the month the demand for cotton goods having picked up lately.

## UNCLE REMUS AT REST.

Funeral of Joel Chandler Harris Occurred on Sunday.

Atlanta, July 7.—Following the saying of preliminary psalms at "The Sign of the Wren's Nest" on Gordon street at 4 o'clock, the funeral obsequies over the late Joel Chandler Harris, beloved the world round as "Uncle Remus," were held at St. Anthony's chapel in West End Sunday. At these services Father Jackson officiated. The burial took place at Westview cemetery, where the following life-long friends acted as pall-bearers: Albert Howell, Jr., Forrest Adair, Roby Robinson, Samuel M. Inman, Lucian L. Knight and A. P. Stewart. The death of Mr. Harris was not unexpected by those who knew the peculiar fatality of his illness. For a month he had been under the constant care of his physician, but only for the week previous to his death had he been confined to his room. Before that he spent much of his time on the veranda and upon his wide lawn, conversing with the family, watching the birds and reveling in the beautiful foliage that distinguishes "The Sign of the Wren's Nest."

During the past several years many of the greatest men of the country have considered it an honor and a privilege to know Uncle Remus and visit him in the quiet home. Richard Malcolm Johnson, James Whitecomb Riley, Andrew Carnegie, Theodore Roosevelt, all and each of them on their visits to Atlanta, sought out Uncle Remus and exchanged with him the greetings of friendship.

## Boy's Life Saved.

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea remedy which cured him and believe that saved his life.—William H. Stroking, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by all druggists.

## Armor Plate Stands Test.

Spezia, July 7.—The armor plate furnished under contract by the Midvale Steel company, of Pennsylvania, for the Italian cruiser San Giorgio, has successfully withstood the tests recently applied, and has been accepted by the naval authorities. The San Giorgio was launched at Castleman in March, 1908. The American company's contract called for 2,100 tons of armor plate valued at \$1,000,000. Its tender was \$180,000 less than that of the Italian-Terni factory. The awarding of this contract resulted in an agitation in Italy in the way of a protest which at one time assumed a serious character.

## Czar to Visit England.

London, July 7.—The Chronicle understands that a visit of the Emperor and Empress of Russia to England has been arranged and that they will be the king's guests of the Isle of Wight during the Cowes yachting week.

## Was in Poor Health for Years.

Ira W. Kelley of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of others." Refuses substitutes. J. W. McCollum & Co.

## CLAIMS SELF-DEFENSE.

Italian Admits Chopping Off Man's Head at Mobile, Ala.

Mobile, Ala., July 7.—A Birmingham, Ala., special says:

Joe Hinson, the Italian who chopped off the head of Charles S. Bassford with an ax at East Lake Saturday, was captured by special Officer W. A. Crawford in the woods near Ivondale. He at first resisted arrest but when captured frankly admitted his crime.

"I killed him," he said, "and I would do it again."

He claims Bassford had threatened his life and he had to kill him to save himself. The crime was committed while Bassford was in bed asleep. Hinson dealt two blows in the neck with a large ax, practically severing the head from the body.

## A Golden Wedding

Means that man and wife have lived to a good old age and consequently have kept healthy. The best way to keep healthy is to see that your liver does its duty 365 days out of 365. The only way to do this is to keep Ballard's Herbine in the house and take it whenever your liver gets inactive. 50 cents per bot'le. Sold by W. M. Johnson.

## ELECTRIC ROAD.

or Railway From Asheville, to South Carolina Line. N. C., July 6.—The Ashe-Carolina Railway company, with offices in this city, has entered with a capital stock \$100,000, and authority to construct a railway from Asheville to the Carolina line, a distance of miles.

Company will take over the franchise of the Asheville and Hendersonway company. Work on the construction of the road will begin in the middle of August. The company has been granted a charter with a capital stock of \$100,000 by the state of South Carolina, authority to construct an electric line from Greenville, S. C., to the Carolina boundary, a distance of miles.

South Carolina section of the line to be known as the Greenville Carolina railway. The two lines will come together at the border to form one continuous line of railway from Greenville, S. C., to Asheville, N. C. The power for the road will be located in the Ridge mountains, 20 miles from Asheville. The line will run through a most picturesque section, it is estimated that it will be shorter than the present route from Asheville to the Greenville, S. C.

## REASURY SITUATION.

Secretary Cortelyou Speaks of the Government's Finances. Washington, July 5.—Secretary gave out a statement regarding the treasury situation in which he says that the deficit of \$60,000 shown by the treasury statement is more apparent than real because of the antiquated bookkeeping which is being overhauled, and that "considering the ordinary receipts of the government," there is a surplus. The secretary says that the items under ordinary expenditures such as might properly be covered by the issue of bonds instead of out of current revenues, the method constituting an exhibition of strength which shows only a negligible deficit. The statement methods of special accounting reign governments along these

## ROBBED OF HIS TEETH.

Bad Brakeman Happens to Quite a Novel Adventure. Omaha, Neb., July 6.—T. C. Roberts, a Northwestern railroad brakeman on Thursday had eight of his teeth filled with gold. While on his run Roberts discovered a gang of hungry tramps stealing a box. He attempted to force them off the train and his new teeth shone brightly in the lantern's light. The tramps captured the brakeman, while a number jumped on him. He relieved him of the shining teeth, using a pair of pliers in doing work. The hoboes jumped from the train as it was entering the railroad yards on the outskirts of Omaha and took their teeth with them.

Safe Leap Over Niagara Falls. Niagara Falls, N. Y., July 6.—Robert Leech, forty-five years old, a resident of Chippewa, Ont., successfully leaped from the upper steel arch bridge to the lower river, a distance of 20 feet. He was aided by a party, which he released shortly after leaving the rail of the bridge. The device worked perfectly and dropped gracefully to the water, where friends in a small boat came to him and took him to the Canadian shore.

Driven From Their Homes. Chicago, July 6.—Members of more than fifty families were driven from their homes Friday by a fire which destroyed the Schultz dance and lodge hall at 98-100 West Blackhawk street. The firemen were overcome by smoke and a number of other firemen narrowly escaped death when a gallery on which they were fighting the flames collapsed and they were precipitated to the floor. The loss is estimated at \$50,000.

Wifely Curiosity. Henry, dear, I tried on a suit of our clothes the other day, and it fitted me to perfection.

"May I ask your object in taking such a liberty with my garments?" "Why, Belle Greene said she heard Tommy Toliver say that you wasn't much bigger than a shrimp, and I was just wondering how big a shrimp is."—Portland Plain Dealer.

## GOES ON LAST VOYAGE.

## Rear Admiral Thomas Dies Suddenly in San Francisco.

Delmonte, Cal., July 7.—The sudden death of Rear Admiral Charles M. Thomas, retired, here Saturday night, came as a great shock to Mrs. Thomas, her daughter and friends of the family. Only a few days ago Admiral Thomas spoke of the good health he was enjoying. Death was caused by a stroke of apoplexy.

In addition to a widow and daughter, Admiral Thomas leaves a son, who is a lieutenant on the battleship Kearsarge.

Admiral Thomas had been a guest at the hotel here for two months. Saturday night he left the dining room of the hotel, and was proceeding along the main hallway in company with Miss Swinburne, daughter of Rear Admiral Swinburne, when he suddenly fell to the floor. Several guests, including Admiral Swinburne, hurried to the side of the stricken officer. Admiral Thomas did not reply to a question as to whether he could help himself. He was then lifted to his feet, and Admiral Swinburne and others started to assist him to his room, in the east annex, a distance of 150 yards. Before the room was reached the body suddenly became limp, and it is thought Admiral Thomas died at that moment, for when Dr. Morton arrived a few minutes later, he pronounced Admiral Thomas beyond all aid.

## Help for Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by all druggists. Samples free.

## False Hair.

False hair was first regularly worn in England by Queen Elizabeth, who had upward of fifty wigs of different kinds for her private use. After her death a few women adopted the French fashion of wearing wigs, but it was not until the restoration that wigs, or, more correctly speaking, periwigs, came to be extensively worn by the sterner sex. These were introduced in the court of Louis XIV., where a natural head of hair was not considered sufficiently luxuriant for the artificial tastes of the times. The term "periwig" is a corruption of the French perruque. Wigs were originally adopted not as a remedy for baldness, but in the interest of personal cleanliness. The laws of ancient Egypt compelled all males to shave the head and beard. This explains why turbans were not worn by the Egyptians, the bushy artificial hair being regarded as a sufficient protection against the heat of the sun. The Romans, on the contrary, wore wigs because they were naturally bald.—St. Louis Republic.

## Starved to Death.

Is what could truthfully be said of many children who die. They have worms, poor little things—they don't know it and you don't realize it. If your child is cross, fretful, pasty complexioned and loses weight for no apparent reason, give it White's Cream Vermifuge—you will be surprised at the results and how quickly it picks up. Sold by W. M. Johnson.

## Falls Game of Craps.

Montgomery, Ala., July 7.—A Pennsylvania, Pa., special says that Chief of Police Sanders shot and fatally wounded Felix Hopkins there. A crap game had been raided and Hopkins arrested. In a scuffle he tried to break away from the officer and the pistol of the latter was discharged by accident, inflicting a mortal wound.

## LOSE LIVES IN WINDSTORM.

New Mexico County is Swept by Disastrous Tornado.

Santa Fe, N. M., July 6.—Five persons were killed, forty injured and many rendered homeless by a tornado Thursday night at Ft. Sumner, Guadalupe county, New Mexico.

News of the disaster was contained in a telegram received by Acting Governor Nathan Jaffa from A. P. Anaya, who said financial aid was needed.

Governor George Curly and W. H. Andrews, delegate to congress, are in the region devastated and are taking such official measures for the relief of the inhabitants as the situation demands.

The dead are:

Henry Gerhardt and wife.

Miss Alvarez and two unidentified sheep herders.

Gerhardt was a pioneer of that region.

## War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in its results. The genuine is in a yellow package. J. W. McCollum & Co.

## Can't Afford Him Now.

Lily Bell—No, Rufus. Ah can't marry yo' jest yet awhile. Y'll hab to wait. Rufus—Why for mus' I wait, Lily Bell? Lily Bell—Cause three of the families mammy washed for done quit her, an' now she scarcely makes nough to support me an' paw.—Judge.

## The Source Told All.

"What'd Jimmy give yer for yer birthday?"

"This here brass ring."

"How'd yer know it ain't nothin' but brass?"

"He give it ter me."—Cleveland Leader.

There are nettles everywhere, but the smooth, green grasses are more common still.—Mrs. Browning.

## ORDER ESTABLISHING NEW ELECTION DISTRICT.

At a regular meeting of the Board of County Commissioners of Alachua county, held on June 2, 1908, the following order was passed:

Election Precinct No. 25—That there shall be made and established in Alachua county Election District No. 25, which election district shall comprise all that portion of Alachua county contained in the boundaries and area as follows, towit:

Bounded on the West by Range line dividing 19 and 20; on the North by the half-mile Section line running due East and West through Sections 1, 2, 3, 4, 5 and 6, Township 18, Range 20; on the East by Range line between Ranges 20 and 21; on the South by Township line running between and dividing Townships 19 and 21. The polling place in said district should be within the limits of the original survey of Gainesville, in said district.

Done and ordered in open session this June 2, 1908.

J. G. DAMPIER, Chm.  
S. H. WIENGES, Clerk and Auditor.

## ORDER ESTABLISHING NEW ELECTION DISTRICT.

At a regular meeting of the Board of County Commissioners of Alachua county, held on June 2, 1908, the following order was passed:

Election Precinct No. 7—That there shall be made and established in Alachua county Election District No. 7, which election district shall comprise all that portion of Alachua county contained in the boundaries and area as follows:

Bounded on the West by Range line dividing Ranges 19 and 20; on the North by a line dividing Townships 3 and 9, Range 20; on the East by line beginning at the northwest corner of Section 2, Township 9, Range 20, running due South to the southwest corner of Section 23, Township 9, Range 20, thence East to a point on the Range line between Ranges 20 and 21; thence South to the half-mile stake on East line of Section 1, Township 10, Range 20; on the South, beginning at the half-mile stake on the East line of Section 1, Township 10, Range 20, and running due West on the half-mile Section line through Sections 1, 2, 3, 4, 5 and 6, Township 10, Range 20, to the Range line between Ranges 19 and 20. The polling place in said district shall be within the limits of the original survey of Gainesville, in said district.

Done and ordered in open session this June 2, 1908.

J. G. DAMPIER, Chm.  
S. H. WIENGES, Clerk and Auditor.

## DO YOU WANT TO

## MAKE OR LOSE MONEY

## THIS SUMMER?

THERE is no good reason for any "summer dullness" in the stores of this city. That's a strong statement—but it's not nearly so strong as the one to follow.

No store in this city ever suffered from summer dullness that was not directly traceable to its advertising policy—that was not INEVITABLE on account of its advertising policy. This is a strong statement—but not so strong as the one to follow.

You—if you who read this are a merchant in this city—HAVE THE ABSOLUTE POWER TO DECIDE WHETHER, during THIS summer, YOUR STORE SHALL LAG AND LOSE GROUND, through ENCOURAGING THE NON-BUYING HABIT IN THE PEOPLE—or shall keep as busy as in the so-called "busy seasons." You decide the matter one way or the other when you decide on how much or how little you will advertise during these summer months.

To really "gain ground" at a time when some stores are lagging and falling back is not only possible—it is an aspiration—worthy of a man who has the habit of accomplishing his purpose.

Lost—Sunday morning out of automobile, new dark-blue serge coat, "EFF-EFF" on inside pocket; paper tag inside collar. Finder please return to Chitty's store and get reward.

Robt. E. Arnow of Micanopy was a business visitor to Gainesville yesterday. He is now engaged in the livery business at that place, and reports business very good. He was a pleasant caller at The Sun office.

Col. H. S. Chubb, register of the United States land office, has returned from a pleasant visit to his family at Winter Park, where he spent the Fourth with his family. He says everything is in excellent shape in Orange county, and the people prosperous.

The Swine and the Flower  
On me! I saw a huge and loathsome sty,  
Wherein a drove of wallowing swine  
were barred,

Whose banquet shocked the nostril and  
the eye;

Then spoke a voice, "Behold the source  
of lard!"

I fled, and saw a field that seemed at first  
One glistening mass of roses pure and  
white,

With dewy buds 'mid dark green foliage  
nursed;

And, as I lingered o'er the lovely sight,  
The summer breeze, that cooled that  
Southern scene,

Whispered, "Behold the source of  
COTOLENE!"
